

ISHiGURO

Ishiguro Corporation

HISTORY OF ISHIGURO

Founded in 1939

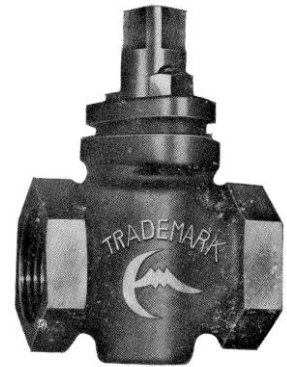

Koji Ishiguro, the founder of Ishiguro Company Ltd(“ISHIGURO”), was born in 1916 during the World War I.

He established a valve manufacturing company (Tsuki-Fuji brand) in 1939, and built the foundation of our business.

In 1950, he also started wholesale business and contributed to postwar reconstruction though distributing building and plant materials.

Nowadays, ISHIGURO has focused on wholesale business and is a leading company with over 85-year-history in the market.

Over 85-year-history in the market

Ishiguro Corporation

Company Profile

Exchange rate: 1 USD = 130 JPY

Ishiguro Co., Ltd.

President: *Katsuji Ishiguro*

Executive Vice-President: *Koji Ishiguro*

Founded: Feb in 1939

Capital Stock: 1M USD

Head Office Location: Tokyo

Branch Office & Warehouse: 65 Offices & 54 Warehouse

Business:

- Wholesaling & Importing Valves, Piping & Fittings
- Control valve assembly
- Oil-free and degreasing products
- Repairing valves & Pressure / leakage test
- Testing & Commissioning Hydronic System

Turnover in 2022(Group) : 735M USD (JPY 95.5 Billion)

No. of employee(Group) : 1,214

Head Office

Main Warehouse

Laboratory

A leading company in the market.

Ishiguro Finance

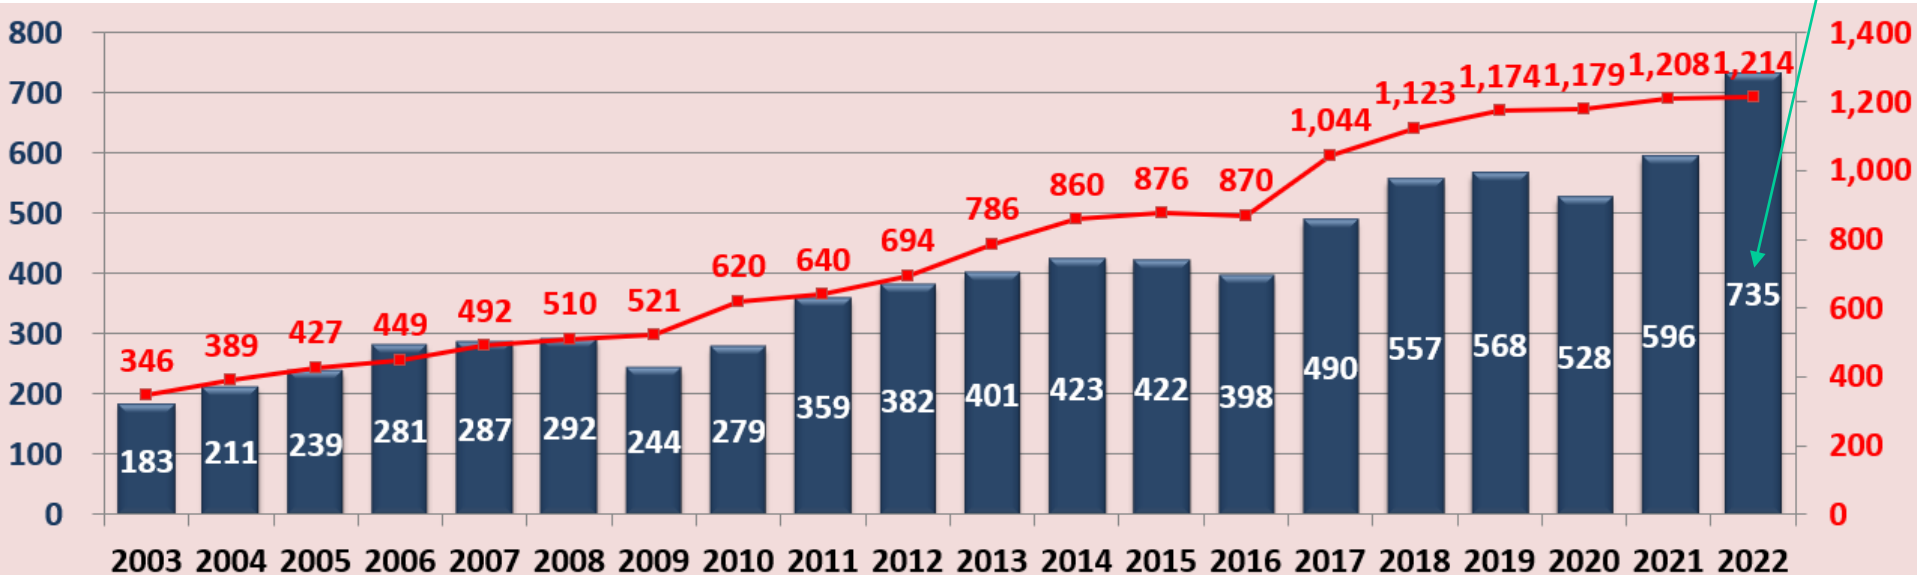

Sales for Group Total

Unit : Million U.S. Dollar

Ishiguro Business Field / Products in Line

Plant

- Petrochemical
- Steel Mills
- Thermal Power Generation
- LNG/LPG
- Heat Supply
- District Heating & Cooling

Building Application

- Hydronic System

General Industry

- Semiconductor
- Paper Manufacturing
- Textile
- Water Treatment
- Food & Beverage
- Health Care
- Medical Supplies

Carbon Pipe · Fitting · Flange

- CARBON STEEL PIPE
- MALLEABLE IRON SCREW FITTING
- CARBON STEEL BUTT - WELD FITTING
- CARBON STEEL FLANGE
- FORGED CARBON STEEL SCREW & SOCKET WELD

Stainless Pipe · Fitting · Flange

- STAINLESS STEEL PIPE
- STAINLESS STEEL SCREW FITTING
- STAINLESS STEEL BUTT - WELD FITTING
- FORGED STAINLESSSTEEL SCREW & SOCKET WELD
- STAINLESS STEEL FLANGE

Pre-Fabrication & Spool

- DESIGN / ENGINEERING
- MANUFACTURING PIPING UNIT / MODULE

Valve

- CARBON STEEL (BRONZE, BRASS, FC, FCD, SCPH)
- STAINLESS STEEL
- BUTTERFLY VALVE
- AUTOMATIC VALVE

Gasket

- RUBBER SHEET GASKET
- FLUOROCARBON RESIN GASKET
- SPIRAL WOUND GASKET
- METAL GASKET

SUS Flexible Joint · Rubber Flexible Joint

- STAINLESS STEEL FLEXIBLE HOSE
- SINGLE / DOUBLE BELLOW RUBBER FLEXIBLE JOINT

Plastic

- PLASTIC PIPE (VP, HI, HT, PLANT VP, CLEAN PIPE)
- PLASTIC FITTING (TS, HI, HT, CLEAN FITTING)
- PLASTIC VALVE (BALL VALVE, BUTTERFLY VALVE)
- INSPECTION CHAMBER

Accessories

- PRESSURE GAUGE
- TEMPERATURE GAUGE
- FLOW METER

Ishiguro Laboratory Facility

QA 1st Priority

High quality and reliability, not only **functionally** but also **visually**, is taken for granted in the market.

Pressure Testing Equipment

Laboratory

Oil-free & Degreasing Equipment

External Leakage Testing

TA, SAMSON and MANKENBERG
100% inspected.

Hydronic Testing Unit

Ishiguro is a quality & reliability-focused company.

PRE-FABRICATION

Projects for ODA (Official Development Assistance)

Railway

Building • Hospital

Bridge • Highway

Airport

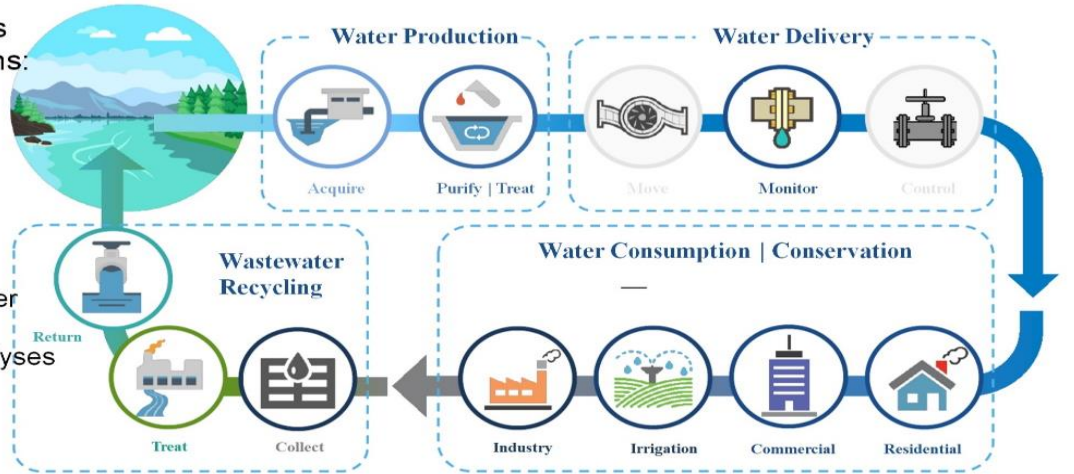

Our procurement shall be made from manufactures and mills in Japan and Overseas in pursuit of quality, long-durability, maintenance, and specification compliances.

Water Utility & Flow Instrumentation Solution

• Smart measurements for optimized operations:

- Flow (total and rate)
- Water quality
- Fluid chemistry
- Temperature and pressure
- Hydronic energy
- Cellular Data Transfer / Data Collections
- Smart Metering Analyses

Flow Measurement and Control Materials

Electromagnetic Flow Meters

Ultrasonic Flow Meters

Variable Area Flow Meters

Turbine Meters

Oval Gear Meters

Vortex Meters

Nutating Disc Meters

Coriolis Mass Meters

Impeller Meters

Differential Pressure Flow Meters
